

ADVANCES IN LABOUR AND RISK MANAGEMENT (ALARM) ASSISTANT

Part-Time - Casual

The Society of Obstetricians and Gynaecologists of Canada (SOGC) is one of Canada's oldest national specialty organizations. Established in 1944, the Society's mission is to promote excellence in the practice of obstetrics and gynaecology and to advance the health of women through leadership, advocacy, collaboration, and education.

The SOGC has over 4,000 members, comprised of obstetricians, gynaecologists, family physicians, nurses, midwives, and allied health professionals working in the field of sexual reproductive health.

The SOGC continues to be a leading national and international authority on women's reproductive health and on evidence-based training and education. The SOGC leads the development of 12-17 clinical practice guidelines per year and hosts 3 regional continuing medical education meetings and an Annual Clinical and Scientific Conference. These events attract a diverse group of delegates that include women's health care providers, researchers, educators and policy makers, who have the opportunity to network, learn and share information and ideas. These events also facilitate the identification of critical gaps in the field through needs assessments that inform future curricula and program development.

The SOGC has recently launched its own online e-learning platform, which hosts accredited interactive courses, including virtual communities of practice, for members and non-members around the world.

The SOGC is currently recruiting for an ALARM Assistant possessing strong organizational skills and an aptitude for problem solving.
