Gynecologic Oncologist
Geographical Full-Time Academic
Position Number: 30887

The University of Manitoba, Rady Faculty of Health Sciences, Max Rady College of Medicine, Shared Health, the Winnipeg Regional Health Authority and CancerCare Manitoba have developed a unique partnership to actively support health education, research, and the provision of the highest standard of quality patient care. Focused on providing medicine with meaning, advancing knowledge and technology and educating tomorrow’s health care professionals, it is our collaborative strengths that will lead us into the future.

The Department of Obstetrics, Gynecology and Reproductive Sciences is seeking a Geographic Full Time (GFT) Gynecologic Oncologist. The position entails 0.6 Clinical EFT with additional academic responsibilities. The successful candidate will have completed fellowship training in Gynecologic Oncology with expertise in management of complex medical and surgical oncology cases. Work is through the Department and CancerCare Manitoba at two sites in Winnipeg: HSC and St. Boniface. The appointment will commence on September 15, 2021 or as soon thereafter as possible.

Job Description

The population of Manitoba is 1.38 million. The Division of Gynecologic Oncology provides comprehensive cancer care to those living in the province as well as Northwestern Ontario and Nunavut.

Our Gynecological Oncologists work closely in a shared-care model. The successful applicant would join the team of 5 gynecologic oncologists. We work in a multi-disciplinary team with radiation oncology, medical oncology as required, surgery and surgical oncology, pathology, diagnostic imaging. Clinical care is supported by our Nurse Practitioner and Clinical educator through CancerCare Manitoba. Clinical service includes new patient visits/consults, medical care with delivery of chemotherapeutics and other systemic therapies, surgical care, and follow-up visits/ongoing monitoring. Participation in the Gynecology Oncology call schedule is required. Clinical service is provided at CancerCare Manitoba, as well as HSC/Women’s Hospital and St. Boniface Hospital in Winnipeg.

Faculty investment in both Ob/Gyn resident and subspecialty Gynecologic Oncology resident training is substantial. The successful candidate will have demonstrated excellence in teaching. Academic responsibilities include mentorship of fellows and residents in addition to teaching undergraduate students. A strong commitment to medical education is required and may include classroom teaching, postgraduate seminars, grand rounds, departmental rounds, continuing medical education and clinical/bedside teaching.

Evidence of research ability is essential. This position carries an expectation of protected time devoted to scholarship, clinical research, and knowledge translation. Preference will be given to the candidate with on-going involvement in scholarly research and a record of peer-reviewed publication.
Effective administrative skills are required. Leadership and innovation will be important components of this role. We are committed to substantially increasing access to quality care for the patients we serve, particularly those from underserviced populations.

Equity and diversity are essential to excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. To address the Rady Faculty of Health Sciences commitment to equity, diversity and inclusion, in recognition of the underrepresentation of members of historically and currently under-represented groups, and pursuant to the Manitoba Human Rights Commission Policy I-7, preference will be given to applicants who self-identify as women, Indigenous peoples, persons with disabilities, racialized persons, as well as other historically underrepresented groups such as 2SLBGTQ+.

**Qualifications**

- Current or eligibility for licensure with the College of Physicians and Surgeons of Manitoba specialist registry as an Obstetrician Gynaecologist
- Fellowship: Royal College of Physicians and Surgeons of Canada in Obstetrics & Gynaecology
- Graduation from an approved Gynecologic Oncology fellowship program
- Eligibility for hospital privileges within Shared Health and Winnipeg Regional Health Authority (WRHA)
- Eligibility for a University of Manitoba teaching appointment

Applicants are asked to send cover letter, curriculum vitae and a portfolio of academic activity including research and teaching. References will be required; however, do not need to be included at the time of application. Please send to:

The University of Manitoba is strongly committed to equity and diversity within its community and especially welcomes applications from women, racialized persons, Indigenous peoples, persons with disabilities, persons of all sexual and gender identities, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

If you require accommodation supports during the recruitment process, please contact UM.Accommodation@umanitoba.ca or 204-474-7195. Please note this contact information is for accommodation reasons only.
Application materials, including letters of reference, will be handled in accordance with the protection of privacy provision of The Freedom of Information and Protection of Privacy (Manitoba). Please note that curriculum vitae may be provided to participating members of the search process.

Winnipeg boasts a strong referral base and collegial working environment for the clinician. We serve a large catchment area including Manitoba, Northwestern Ontario and a large portion of Nunavut. Housing, recreational pursuits, cultural activities and professional sporting events are considerably more affordable than in other major Canadian cities.

Closing date for Applications: August 31, 2021
